APPLICATION FOR TRAINING

Thank you for being interested in our Arizona CCW training class. We strive to provide to most professional training possible so that you will have the confidence in knowing that you are prepared to carry a deadly weapon in a legal manner to protect yourself and your loved ones. Please read the application carefully.

Class: Arizona Concealed Weapon Permit (CCW)

Date: _____ (Please indicate the class date you wish to attend)

Time: 8am-6pm

Location: Buckeye Hills Shooting Range (Gen. Joe Foss Range) 10 miles south of I-10 on SR-85. (see attached map for driving instructions)

Cost: \$75.00. We accept cash, check, money order or cashiers check. This is non-refundable, however if you are unable to make the scheduled class I will be glad to schedule you for the next available class. This fee includes range fees, training, fingerprinting, application, and training materials. You will have to pay an additional fee of \$60.00 to the state of Arizona when you submit your completed application.

Please make checks payable to: Johnnie L. Mock Security Consultants LLC.

What you will need to bring:

1. A serviceable pistol (revolver or automatic)
2. At least 25 rds of ammunition for your pistol. The live fire qualification is 10 rounds but this will allow you extra in case of malfunctions or the need for a refire.
3. A holster or case to secure your pistol in.
4. BRING A LUNCH. There are no eating facilities close by. Due to the state mandated training program, we will have to do the fingerprinting during the lunch hour.
5. The classroom is air-conditioned and the shooting range is covered, however a comfortable hat is recommended.
6. Appropriate shoes. Sandals and flip-flops are not acceptable.
7. Eye and ear protection. Prescription glasses are O.K.

Overview of class: Although we will review fundamental marksmanship techniques, the primary focus of this class is NOT how to shoot your handgun, but WHEN you can legally use deadly force. It is necessary that you have a fundamental understanding of how your firearm operates, and at least some experience firing it. If you have little or no experience in firing a handgun, we recommend that you take a basic pistol course prior to taking a CCW class. The firing qualification will be a total of 10 shots, 5 at 10 yards, and 5 at 5 yards, on a silhouette target. 7 out of the 10 shots must fall into the designated scoring area to pass. The curriculum covers safety, firearm and ammunition selection, maintenance, judgmental shooting, mental conditioning, and legal aspects of using deadly force. There is a 20 question test which requires a passing score of 70%.

SAFETY is our primary concern, both in the classroom and on the range.

DO NOT BRING YOU FIREARMS TO THE CLASSROOM. Lock them securely in your auto, or if you are uncomfortable with that, we will make arrangements to secure your firearm during the classroom training.
